**Important: Please save this instruction sheet.
The information is useful!**

Cool Sunglasses with mirrored lenses so you can see behind you without anyone knowing

Features

Impact resistant Glasses

Reflective surface on each lens.

Lenses clip into frame for storage, replacement, or cleaning

Put on the sunglasses on your face as usual and look to the right or the left edge of the lenses. The mirrored surface reflects what is behind you (Fig. 1). Move your head a little to left & right and up & down to get the best view.

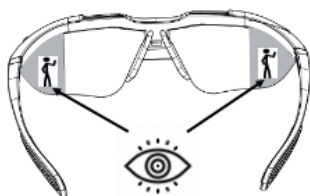

Fig. 1

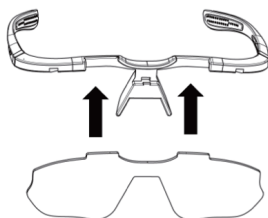

Fig. 2

The Rear-view glasses lens can be removed from the frame by gently pulling down. (Fig. 2) Reassembly is done by lining up the lenses as shown into pushing them into the slot until they are fixed in place.

Do Not look directly into the Sun.

Product specifications subject to change.
